

Interface formed by Compatibilizers

FIG. 3

Example of the compatibilizing mechanism:
interfacial interaction between acrylic acid and acrylamide

FIG. 4

DOT/OT 1956560

FIG. 5

FIG. 6A

FIG. 6C

FIG. 6B

FIG. 6D

FIG. 6E-1

FIG. 6E

United States Patent & Trademark Office
Office of Initial Patent Examination -- Scanning Division

Application deficiencies were found during scanning:

☐ Page(s) 41 of Drawing were not present:
for scanning. (Document title)

☐ Page(s) _____ of _____ were not present:
for scanning. (Document title)

☐ Scanned copy is best available.
